

**Summer Place Community Association
Annual Spring Picnic
Baptist Church Pavilion
June 9, 2018
11:30-1:00 p.m.**

Approximately 25 homeowners attended.

New Business:

Officers for the Year were introduced:

President – Dennis Overgoner

Vice-President – Ron Botts

Treasurer – Diana Bayliss

Secretary – Joan Berry

At-large Representative – Pam Johnson

Webmaster – Dean Warfield

Dean Warfield discussed updates on the website (through GoDaddy) where information is provided for the community, and members were urged to see what is new. Address is as follows:
<http://summerplaceca.com/>

James Lomax with Express Wireless shared info about a new wireless internet service available at Lake Limestone. There are 8 towers on the lake and several packages being offered.

Ron Botts reported that there has been no communication from the new landowner (who purchased the property that involves the Boat Ramp) since September. At this time, we know of no changes. Gary Burk and John Griffins have keys to the gate lock.

Bob Bosch invited everyone to the VFW Hall in Mexia on July 7 (8:00 – 12:00 p.m.) for a fund-raising even for veterans. His band (Knot Today) will play classic rock, blues and country music.

Dennis Overgoner reported that NVEC will be conducting some tree trimming along the powerlines soon. They have only one crew for now, but they are hoping to have a better contract next year to keep the lines free from trees and brush.

Jean Bosch reported that the AED has a new battery. If anyone needs a refresher course on its use, please contact her.

Move to adjourn came at 12:55 by Pam Johnson. The meeting adjourned.

Respectfully submitted: Joan Berry, Secretary

(Thank you to Betty Overgoner for taking notes in my absence!)
